

24th November 2022, 12-13.30
Room 6, main building

Food

**Co-funded by the
European Union**

TOMMASO EMILIANI

EIT Strategic Synergies Manager

will present

OPPORTUNITIES WITH EIT FOOD

**The largest open innovation platform working to transform the
European agri-food systems**

Students and faculty are welcome to discover the EIT Food ecosystem:

- **Career opportunities** to drive innovation towards the creation of fair and sustainable food systems
- **Networking opportunities** with the most relevant and dynamic players from the EU food systems (industry, academia, ongs, startups, NGOs)
- **Education & Business opportunities** provided by the network
- **Funding opportunities** for consumer-centric research & citizen engagement projects
